

Vallecillo Road

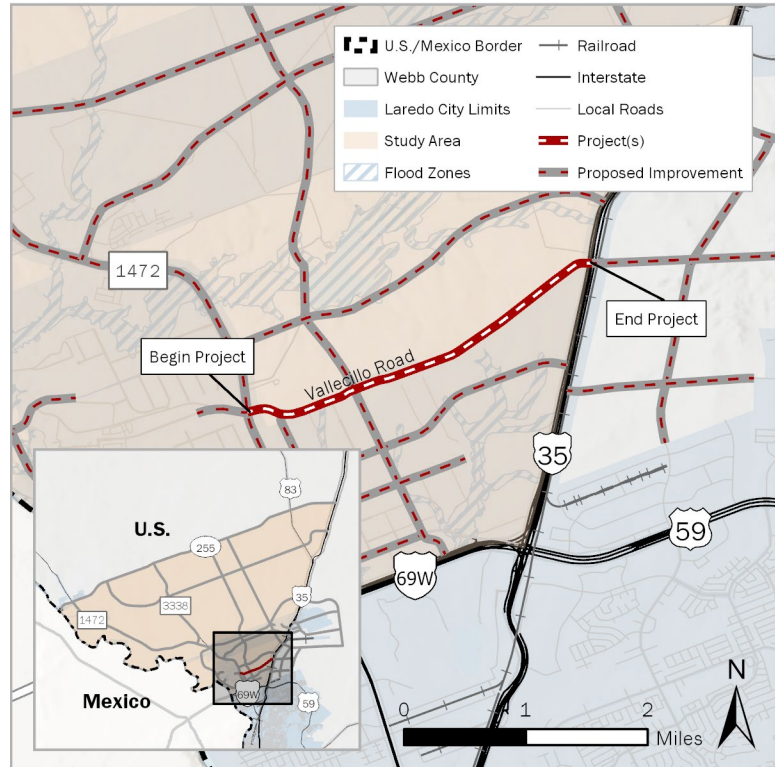

Project Location:

New location roadway connecting FM 1472 at A.F. Muller to IH-35

Project Description:

This project is approximately 3.2 miles of new roadway that includes a continuous 150' wide right-of-way for future expansion. Initially this will be a five-lane roadway that will link key north-south roadways (FM 1472 and IH-35) where continued industrial growth can be expected to occur on the south side of the road.

The project ties into A.F. Muller Boulevard and will have sidewalks on both sides including a 10' shared-use path on one side.

Recommended Timeframe:

Short-Term 2020-2024

Opinion of Probable Cost (FY19):

\$31,471,000

Possible Project Schedule:

Initiation	2018
Planning	2019
Development	2020
Construction	2022

Potential Project Benefits:

This project will serve as a critical connection in the network, not only between FM 1472 and IH-35, but also to several north-south roadways that currently dead end where Vallecillo Road will eventually be, providing relief for Killam Industrial Boulevard. Vallecillo Road will also be an important part of the multimodal framework.

Individual Project Component Costs:

A) Vallecillo Road	\$31,471,000
