Project Location:

A series of bike/pedestrian improvements along four key roadways in the most congested part of the study area.

Project Description:

This project will add sidewalks to both sides of Lamar Drive, El Gato Road, Archer Drive and Spivey Drive, including a 10' shared-use path along one side of Lamar and El Gato Road.

This also includes extending Lamar north and south to link Milo Road to Vallecillo as well as removing a center median from the existing portion of Aquero Boulevard and adding buffered bike lanes within the existing pavement.

Recommended Timeframe:

Mid-Term 2025-2029

Opinion of Probable Cost (FY19):

\$12,239,000

Possible Project Schedule:

Initiation	2022
Planning	2023
Development	2025
Construction	2026

Potential Project Benefits:

These improvements will create a pedestrian network in this area where people are walking for the bus stop on Killam Industrial Boulevard. Extending Lamar Drive to connect Milo Road with Vallecillo Road will offer a parallel route to FM 1472 that would be more safe for people on foot and on bike.
